Long Island Children's Museum

11 Davis Avenue, Garden City, NY 11530 • (516) 224-5800 • www.licm.org

LONG ISLAND CHILDREN'S MUSEUM is a unique learning laboratory that inspires children and adults through interdisciplinary, hands-on, fun experiences. LICM believes that children learn best by seeing, touching, and doing. Exhibitions are designed with curious explorers (infants through 12 and their grownups) in mind ... enjoy the journey!

DAYS OF OPERATION:

September–June: Tuesday–Sunday, 10 a.m. to 5 p.m.
Closed Monday

July and August: Open Seven days, 10 a.m. to 5 p.m.
Last ticket sold at 4 p.m.

ADMISSION PRICES:

\$10 Adults and Children (age 1+)

\$9 Seniors over 65

No charge for children under the age of one

TO ENSURE YOUR ENJOYMENT,

AS WELL AS THE ENJOYMENT OF OTHERS:

- Adults must be accompanied by children.
- Children are to be attended at all times.
- Food is to be confined to the cafeteria. Vending machines are available for your convenience.
- Strollers and stools should not be placed next to railings on the second floor.
- ClimbIt: for your child's safety, children must be over the age of four and at least 42" tall.
- A hand stamp may be obtained to exit the museum and return later today.
- Bathroom facilities contain infant changing stations.
- * Hand sanitizers are conveniently located throughout the Museum
- All museum facilities are accessible to people with disabilities.

MUSEUM STORE

Unique collection of fun, interactive and educational toys, for children of all ages and the young at heart. LICM members receive a discount on every purchase. All proceeds support LICM's programs and exhibits.

PHOTO BOOTH

Take home a photo souvenir of your day. Visit our SMILE photo booth in the East Foyer.

THEATER

Be part of the show when interactive performers, including musicians, storytellers and more, come to our 150-seat, state-of-the-art theater. Performance listings are available at the Information Desk.

TOTSPOT

An exhibit designed for children four years and under, is very popular and is accessible by time ticket only. Tickets are available at the Box Office for your convenience. Early Childhood Programs are offered throughout the day, Tuesday–Sunday. Material fees are \$3 per child, with museum admission (\$2 for LICM members). Tickets may be purchased at the Box Office.

BECOME A MEMBER TODAY!

A portion of your paid admission may be applied towards the purchase of your Membership—on the same day of the visit. Membership applications are available at the Information Desk.

HOW DO I MAKE THE MOST OF MY MUSEUM VISIT WITH A CHILD UNDER THE AGE OF FIVE?

THE WONDERFUL WIZARD OF OZ

It all started with a book ... Explore science, art and history in this larger than life, pop-up book exhibit based on the beloved characters created by L. Frank Baum in *The Wonderful Wizard of Oz*. Follow the yellow brick road—a new adventure awaits.

BUBBLES

This interactive sensory experience will naturally involve and excite small children.

SANDY ISLAND

Enjoy play in sand table, explore sand shakers and manipulate the sand maker.

TOTSPOT

This enclosed play space is our favorite place for families with children under four. Our youngest visitors can enjoy both active and dramatic play. Parents will find information on LICM early childhood programs as well as parenting literature.

COMMUNICATION STATION

Young children enjoy talking on our telephones, listening to sound effects and seeing themselves on television. There are several "movie making" manipulative components that a preschooler can master.

MUSIC GALLERY

The ability to beat a drum and make music on our other percussion instruments will excite and captivate our youngest visitors. With some assistance small children can create visual images in our "feeling music" room.

CHANGES AND CHALLENGES

Encourage children to rely on alternative senses when exploring how people learn differently. They can find food in the kitchen based on their sense of smell, match clothing using their sense of touch and "see" the doorbell ring. Our sensory room naturally soothes and creates quiet time for children of all ages.

BRICKS & STICKS

The block building table in this gallery was specifically designed for parents and young children to create block structures together.

PATTERN STUDIO

Identifying, recognizing and creating patterns are important early math skills. Children can see people patterns in the mirrors, design and tile a floor, continue a mason's pattern with bricks and arrange petals on a flower.

IT'S ALIVE

Young children can crawl through tunnels, play hide and seek, sit in the nest and share a book with a grown-up. Be sure to observe our live animals and try to spot birds in all of the trees.
